4. FIRST AID MEASURES

- Eye** If in eyes, hold eyelids apart and flush the eye continuously with running water. Continue flushing until advised to stop by the Poison Information Centre or a doctor, or for at least 15 minutes.
- Skin** If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. Continue flushing with water until advised to stop by the Poisons Information Centre or a doctor.
- Inhalation** If inhaled, remove from contaminated area. To protect rescuer, use an Air-line respirator where an inhalation risk exists. Apply artificial respiration if not breathing.
- Ingestion** For advice, contact a Poison Information Centre on 13 11 26 (Australia Wide) or a doctor (at once). If swallowed, do not induce vomiting, rinse mouth with water.

Advice to Doctor Treat symptomatically.

First Aid Facilities Eye wash facilities and safety shower should be available.

5. FIRE FIGHTING MEASURES

- Flammability** This is a non-flammable substance.
- Fire and Explosion** If product is present in a fire, toxic fumes may be evolved. Evacuate area and contact emergency services. Remain upwind & notify those downwind of hazard. Wear full protective equipment including Self Contained Breathing Apparatus when combating fire. Use waterfog to cool intact containers and nearby storage areas.
- Extinguishing** Extinguish fire with foam, dry chemical powder, carbon dioxide, water fog or water spray.
- Hazchem Code** 1Y

6. ACCIDENTAL RELEASE MEASURES

- Spillage** If spilt (bulk), contact emergency services if appropriate. Wear splash-proof goggles and PVC/rubber gloves, an Air-line respirator (where an inhalation risk exists). If in solution, absorb spill with sand or similar and place in sealed containers for disposal. If product in solid form, use dustless methods such as vacuum to collect the material and place into suitable labeled container. If contamination of sewers or waterways occurs inform the local water authorities in accordance with local regulations.

7. STORAGE AND HANDLING

- Storage** Store in cool, dry, well ventilated area away from extremes of temperature, heat, ignition sources and incompatible materials. Ensure containers are adequately labeled, protected from physical damage and sealed when not in use. Large storage areas should be bunded and have appropriate ventilation systems.
- Handling** Before use carefully read the product label. Avoid breathing in dust or mist. Use of safe work practices are recommended to avoid eye or skin contact and inhalation. Observe good personal hygiene, including washing hands before eating. Prohibit eating, drinking and smoking in contaminated areas.
